Some dry bread,  
a bit of cheese,

and a bag of meat -  
which is useless as it is.

Worst of all,  
no ammunition.

But, this will have to  
last as until we can reach  
a supply station.

Die...

Do you have to  
search through the dead  
person's belongings?

We must replenish  
our supplies and,  
in times like these, each  
action is necessary.

It's not like you're  
the one robbing them, so  
spare yourself the guilt.

Blanking is always  
an option.

If you don't  
have any money,  
earn your keep.

After all, if there  
are people about,  
there are jobs.

You are the one  
who chose to avoid people,  
traveling around them as  
though they were pestilent.  
In fact, not once have we  
passed a town or city.

Did you not say  
we needed to be hasty in  
reaching our destination?

Why are we  
wandering about without  
track and road?

I'm no longer contracted  
to a Dragon Artifact

and you are all  
but powerless

Given the situation,  
I'd rather the company of  
Mirage Beasts to people - for  
they are not to be trusted

Difficult times,  
such as these, are precisely  
when people should help  
one another.

Help one  
another?

Say you want to  
encounter someone:

perhaps a young man -  
they are the worst,  
by the way, never  
approach them -

or maybe an  
ordinary woman,

whether they  
be a child

or the elderly

the moment you  
let your guard down ...

Everything, from your  
head to your toes,

will be taken from you.

An earnest young woman,  
such as yourself is sought  
but a high-calibre mark

to a predator.

0000

People are only things  
to use or things to  
overcome, in your eyes.

Even my presence  
here is to serve your ends -  
to help you recover what  
you have lost.

You haven't changed and

As soon as you deem me  
to have filled my purpose,  
you will discard me.

Think as you like.

What's that sound?  
The ground is shaking...

What you're hearing is  
the thunder of Titans.

Titans?

When the skies fell,  
Manga Books weren't  
the only creatures to  
fall into chaos.

Those who lived in  
the cities were quick to flee.  
For to them came a doom  
much greater than the  
Manga Books.

It was the titans  
who razed the cities.

Such behaviour...

The serum  
I encountered in the  
Forest weren't like this.  
What has happened?

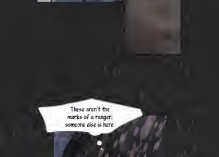

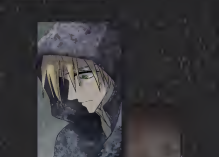

Kabo Region  
Second Rangers  
Temporary Supply  
Center.

We shall rest  
here tonight.

CREAK-

Those aren't the  
marks of a ranger.  
someone else is here.

The prints  
are fresh.

Damn, it's cold.  
What's with this  
blessed weather?

Oh? Somebody  
got here first; well,  
mind if we join you?

How? Oh,  
go ahead...

This place is ripe  
for an ambush...

Back that  
way and

be... what  
brought you out  
this way?

on either end  
of that wall—

And, are you two  
like, together?

What?!

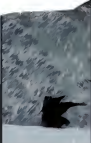

This is a trap!

BANG

**ARGH! MY LEG!**

*That bastard had a gun!*

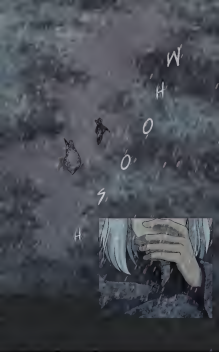

*He went that way!*

**BANG**

Stay alert;  
that guy's movements  
weren't normal.

Think he's  
a soldier?

Just cause  
he's got a gun  
doesn't make him  
a soldier.

There's six...  
No, seven of them  
Not including the  
injured one.

They had the supply  
station marked, so they're  
either murderers or highwaymen.  
Regardless, they'll be  
trained in combat.

When we find 'em,  
we'll shoot the bastard  
but the woman...

Let's just say  
she was a fine  
little lady...

**FOUND YOU!**
